044 Satin Brass PVD Finish

Contemporary Knob with Contemporary
Square Rose in 044 Satin Brass PVD Finish

Baldwin is introducing our exclusive Lifetime PVD Finishes into the Reserve collection with the addition of bold, elegant Satin Brass. Meticulously constructed of the finest materials and combining stylish design with long-lasting quality, the Satin Brass PVD Finish (Physical Vapor Deposition) creates a subtle, smooth matte finish that complements any room. The specially treated surface is resistant to weathering, deterioration, harsh UV rays, and damage produced by salt-air, making it an ideal choice for both coastal homes and areas with inclement weather. Additional PVD finishes now offered in Reserve are Polished Brass 003 and Polished Nickel 055. There is no upcharge or extended lead times for Reserve PVD finishes.

Baldwin Hardware is proud to introduce our newest products to join the Reserve collection: The Contemporary 5" Rose and Contemporary Crystal Knob. Designed with an eye to modern, timeless design, our contemporary five-inch rose is universal, bold, and elevates any door it adorns.

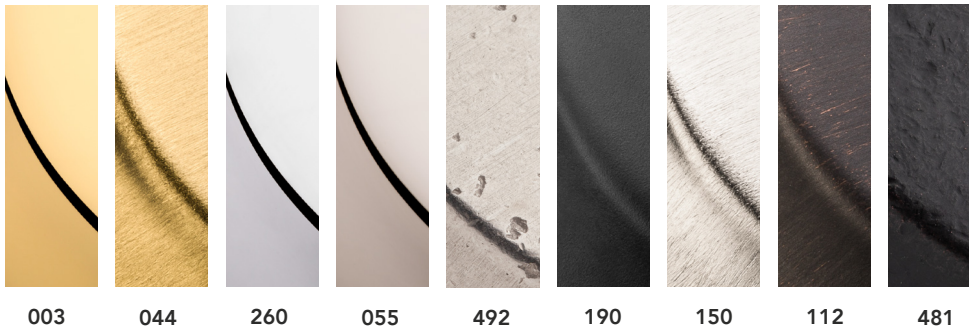

Our Contemporary Crystal Knob is clean, elegant, and minimalist. An updated take on the traditional crystal knob, this contemporary design is a breathtaking statement piece.

Each claim must be in writing, briefly describe the defect, be accompanied by a proof of purchase and be received during the lifetime of the product or during the period that the original consumer purchaser owns the product. The claimant must provide to his or her Baldwin dealer or retailer other information and evidence reasonably required by Baldwin and, if requested, must permit inspection of the product by Baldwin or its representatives. If, after investigation, Baldwin determines that the claim is valid, the remedy will be performed by or on behalf of Baldwin in accordance with the above heading, "Remedies".
